**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need competition for broadband and phone service. We switched to a fiber service and have better speed and far less robotic calls.

We live in Berkeley and also have no strange billing charges. Competition beats monopolies every time in a free society. We have received much better service and support from a small local.provider.

Thank you for reading our comments.
